## SHAPES Olympic Isolation Fun Pack

Here is a pack designed to give you and your isolation household plenty of fun things to do inside or outside around an Olympic theme. The idea is to get adults
 and children all playing together in teams with adults supporting younger children to access the activities. The activities are competitive, but the idea is for it to be fun and encouraging for everyone involved. You can use the activities as you like, but here are a couple of suggestions on how you could use them:

## 1. Olympic Isolation Evening

Arrange the activities around a family meal. All the activities can be done in and around your dining table e.g.

Round 1
Starter - or a few crisps
Round 2
Main course
Round 3

## Pudding

Round 4, 5 \& 6

## OR

## 2. A Round a Day

Take each round on its own and put some time aside as a family group maybe before/after tea to have a go at each round individually.

Each round shows you clearly what to do and what you will need. You will always need 1 member of your group to lead each activity, so this could be you or could be shared around between other adults/older children to have a go.

## Round 1 - The Sock Challenge

## What you need?

- 2 Teams of mixed adults \& children, if you have a larger household make more teams
- A longish sock
- Stop watch (probably on your phone)
- Paper \& pen

## What do you do?

- Stretch out the sock \& place it on the floor.
- Players must stand sideways onto the sock and perform double footed side to side bounces over the sock. Each time you jump over the sock counts as 1.
- Take it in turns to jump for 20 seconds. Have a timer and a counter and everyone else is to support and encourage.
- Each team must write down their scores and add them together to find a winner.

## Round 2 - Memory Game

## What do you need?

- Prepare your tray or table space in advance.
- Place 10 to 20 sport related items on your tray/area and cover them with a towel or tea towel. The more items, the harder the game.
- Ideas of things you might be able to find at home: trainer/footy boot or a bootlace, swimming goggles, different types of ball, skipping rope, sports watch, drinking bottle, bats etc..... if you can't find enough sporty things then just fill up with anything from the house.

## What do you do?

- When you are ready to start, make sure each team has paper and a pen. Remove the tea towel and allow them to look for 1 minute. Cover the items over again.
- Give the teams 3 mins to write their answers down. Take the cover off again $\&$ see how many each team got.

## Round 3 - Splat

## What do you need?

- Prepare a large piece of paper (about A3 size) and numbers in advance...... you need to write up the following numbers (see picture):

## 33, 10, 5, 23, 2, 7, 15, 25, 11, 8

- You need 2 nice and even teams, each of which has an egg slice or a wooden spoon (splat).
- Place your big piece of paper covered in numbers in an accessible place... either attached to a wall or on a surface or the floor.
- Game leader needs pen \& paper to keep score.

## What do you do?

- Invite 1 person from each team to come to the front and stand by the paper with their 'splats'.
- Whoever is leading the game - Read a question - they only have 1 attempt to splat the number they think is the answer. Whoever splats the correct answer first wins a point for their team. If you splat the wrong number, you cannot choose again. Your team must remain silent, but for younger players you can whisper tips that might help.
- The next person from each team comes out to have a go. Keep taking it in turns to come out... the smaller your team, the more turns you get.
- The leader keeps a tally of the scores for each team.

## Round 5-Olympic Charades

## What do you need?

- Cut up all the cards and fold them into 4 - place them in a bowl/pot/basket. You will need 2 bowls - 1 to put the easier children's clues in and the other to put the harder adult/older children clues in.

## What do you do?

- 1 player from 1 team comes to the front at a time. The game leader will say 'go' and time for 30 seconds. The player will pick a paper from the appropriate basket and start trying to describe their word to their team - they can talk, but mustn't mention what's on their paper and they can use actions.
- If their team shout out the answer they keep the piece of paper and take another one form the basket. If, at the end of 30 seconds, they have one uncompleted they must fold it back up and return it to the basket,
- The other team then get a turn.
- You can keep going until all the papers have gone, or earlier if you wish. The team with the highest number of
- papers will win.
